Sir:

Prior to examination of the above-identified application, please amend the application as follows:

In the Specification:

Please delete the noted paragraphs and replace them with paragraphs printed below (marked up copies of the corresponding pages are attached as Attachments A, B, and C).

✓ Please delete the paragraph beginning on page 5 at line 30 and ending on page 6 at line 14 with the following paragraph:

- - The present invention is directed to an apparatus or system for collecting, using, and storing information in a biological fluid collection and/or processing facility ("facility"). The present invention can be incorporated into an existing facility's system via an upgrade to existing hardware
